SUBJ: SB 161 (Fish and Game Commission: tribal committee)
POSITION: SUPPORT

Dear Senator McGuire:

On behalf of our client, the California Sportfishing League (CSL), we are pleased to support SB 161.

The California Sportfishing League represents recreational anglers across California on issues important to protect fishing access, fisheries management, hatchery fish production and conservation of natural resources important to fisheries.

The CSL has been supportive of the committee structure utilized by the Fish and Game Commission in that it enhances opportunities for a full discussion of issues.

For that reason, CSL supports SB 161.

Sincerely,

Cheryl L. Osborn
