

Fred Hall Shows™

The Ultimate Outdoor Experience!

March 15, 2017

The Honorable James Gallagher
State Capitol
Sacramento, CA 95814

Dear Assemblymember Gallagher,

My family began producing outdoor recreation shows in California in 1946. Today. The Fred Hall Shows are universally considered to be the largest and most important consumer fishing shows in the nation. Our three shows in Bakersfield, Long Beach and San Diego represent the vast majority of California anglers.

I wholeheartedly support the following legislation: SB 187 and AB 986. I am certain that the millions of anglers that have attended our events over the last 71 years feel the same as I do.

Please pass this legislation on behalf of California's anglers.

Sincerely,

Bart Hall
