Assemblyman Bill Quirk, Chair and  
Members of the Environmental and Toxic Substance Committee  
1020 N Street, Room 171  
Sacramento, CA. 95814

March 15, 2018

RE: Opposition to AB 2787

Dear Assemblyman Quirk and Committee members:

Our Association represents more than 200 concessions operating within the California State Park System. Among our members are companies that provide hospitality services at lakes, reservoirs and other locations where fishing is a popular activity. We believe that AB 2787 will result in increased cost for fishing supplies, and have little, if any, environmental benefit.

We hope you will reject the statewide ban proposed by AB 2787, and support affordable fishing opportunities for all Californians.

Sincerely,

A handwritten signature in cursive script that reads "Jack Harrison".

Jack Harrison  
Executive Director
